

5 REASONS TO HOST WITH XOD MEDIA

1 GET A 20% SEO BOOST

All sites hosted by xod Media have a 20% SEO boost compared to site hosted by other providers such as GoDaddy and HostGator. **The result is your customers find you faster.**

2 EXPERIENCE THE FASTEST IP BACKBONE IN THE WORLD

This means our sites have the quickest load time for clients visiting your sites, **keeping your customers engaged.**

3 PROTECT AGAINST HACKERS

Did you know that the average site has 3000 hacking attempts per month? Hackers are not site specific, they use robots that look for holes in websites that are not maintained; size doesn't matter. **xod Media's security and added FREE SSL blocks attempted hackers and protects users** who visit the site. Any infiltration is usually fixed within 2 hours, typically long before anyone even notices.

4 SECURE WITH DAILY BACK-UPS

Unlike our competitors who only perform weekly or monthly back-ups, xod Media's hosting provides daily back-ups of all files, databases and emails. xod Media also performs manual back-ups before any upgrade. **This means you can expect uninterrupted hosting service.**

5 PERSONAL SUPPORT

We personally support you.

Experience our industry leading customer service. You can call our main line 905-534-8900 or email us at support@xodmedia.com

PRICING

Effective January 1st, 2016, our Hosting Prices are as follows:
