

# 5 REASONS TO HOST WITH XOD MEDIA

## 1 GET A 20% SEO BOOST

All sites hosted by xod Media have a 20% SEO boost compared to sites hosted by other providers such as GoDaddy and HostGator. **The result is your customers find you faster.**

## 2 EXPERIENCE THE FASTEST IP BACKBONE IN THE WORLD

This means our sites have the quickest load time for clients visiting their sites, **keeping your customers engaged.**

## 3 PROTECT AGAINST HACKERS

Did you know that the average site has 30 000 hacking attempts per month? Hackers are not site specific, they will target any site regardless of the size of the company or the content posted. **xod Media's hosting blocks attempted hackers and protects users** who visit the site. Any infiltration is usually fixed within 2 hours, typically long before anyone even notices.

## 4 SECURE WITH DAILY BACK-UPS

Unlike our competitors who only perform weekly or monthly back-ups, xod Media's hosting provides daily back-ups of all files and databases. xod Media also performs automatic back-ups before any upgrade. This means your site won't be down for hours "under maintenance" performing or resorting backups. **You can expect uninterrupted hosting service.**

## 5 PERSONAL SUPPORT

**We personally support you.** Experience our industry leading customer service. You can call or email us directly.

### PRICING

Effective January 1st, 2016 our Hosting Prices are as follows:

**1 GB** \$25/month (plus HST)

**100 GB** \$50/month (plus HST)

**Please note:** For any xod media agreements currently in the first 12 months, pricing will be honoured until the end of the 12-month period.

**xod Media continues to be committed to the highest level of support for its customers.**

Our customers have come to rely on us for industry leading web design and programming, and secure and reliable hosting. Please direct any questions to [support@xodmedia.ca](mailto:support@xodmedia.ca).
